Hall of Fame Nominations Requested

The Cooperative State Research, Education, and Extension Service in 2004 established a **CSREES Hall of Fame**. Inductees into the **CSREES Hall of Fame** must have worked, coordinated, or supported activities exemplifying CSREES' synergy of excellence in any combination of research, education and extension approaches on local, regional, national, or international levels, and will have demonstrated a measurable and positive impact on the agency. Ten members of the **CSREES Hall of Fame** were inducted during the Agency's tenth year anniversary celebration. One new Hall of Fame inductee was added last year. New recipients will be inducted into the **CSREES Hall of Fame** during an annual awards ceremony this October, pending identification of at least one qualified nominee.

A Committee will review the nominations and recommend deserving nominees for final selection by the CSREES Administrator. Nominees may be living or deceased. Nominations will be accepted from CSREES or CSREES Partner Organizations (Land-grant and partner institutions), and individuals.

Complete the nomination package that is included and in the two pages provided describe how the nominee implemented, coordinated or supported any combination of research, education, or extension approaches to impact citizens' lives locally, regionally, nationally, or internationally and that demonstrated a measurable and positive impact on CSREES, along with two letters of endorsement.
